For a Hundred Years.

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. DeWitt & Co. of Chicago, to discover how to combine the virtues of Witch Hazel with other antiseptics, in the form of a salve. DeWitt's Witch Hazel Salve is the best salve in the world for cuts, burns, bruises and piles. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "DeWitt" on the package, and accept no other. Sold by W. B. Davis.

FROM A COOK ON A BOAT TO THE GOVERNORSHIP.

The Remarkable Record of Napoleon B. Broward Who Has Achieved a Great Victory.

Napoleon B. Broward, who it seems, has been nominated for governor of Florida, defeating one of the most distinguished and brilliant men in the State is a native Floridian, says the Jacksonville Metropolitan. He was born in Duval county, April 19, 1857, at the old farm house at the mouth of Cedar Creek. Working on the farm in his early boyhood days, he later moved to New Berlin, and worked as a cook on a steamboat, which was owned by his uncle, Capt. Parsons. He was afterwards employed as fireman on various steamboats on the St. Johns river, and later became part owner of a boat with Capt. David Kemps. In 1887 he ran a wood yard, and

when Henry D. Holland, sheriff of Duval county, died in 1889, Governor Perry appointed him to fill the position. In 1891 he was elected to the office, and re-elected in two subsequent elections.

In 1900 he was elected to the legislature, and in the same year Governor Jennings appointed him a member of the State board of health. He was elected a city councilman, and served on the police commission in 1895 and 1896.

He owns part of the Three Friends, the boat made famous in the Spanish war. His remarkable race for governor has demonstrated that he is a politician, and possesses ability, both as a speaker and campaigner.

From Moseley Hall.

The old Hall is not dead yet, Mr. Editor, and if you'll allow me space in your charming paper I will give you a few items.

Crops are very good down here, and now we are having fine rains. Watermelons will soon be plentiful. The farmers feel sure of a good harvest.

Mr. James Shaw of Hamburg, spent several days the past week at his old home, and returned to his home Sunday accompanied by his father, Mr. T. J. Shaw, sr.

Mr. and Mrs. A. A. Wethington, and little daughter, Mamie Lou, of Pinetta, have been visiting Mrs. Sam Shaw for several days.

Mr. Alex DeLaughter returned Thursday last after an absence of several months spent in South Florida.

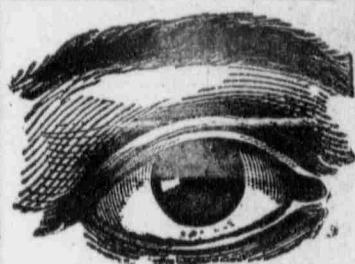

Miss Fannie Shaw went down to St. Augustine Monday last to attend the commencement exercises at the Florida Institution for the Deaf and Blind. She returned on Friday, accompanied by Master Willie Barrow who is a student of that school. All your friends are delighted to see you, Willie, and wish you a happy vacation at home.

A small party from this neighborhood went over to Lake Sampala on Saturday and had a fish fry. They spent a pleasant day and thoroughly enjoyed the fine breeze. How about that, Jim? You had the dish pan.

Master Roy Sanders was bitten on the toe by a moccasin snake last Saturday, but he is alright now.

Mr. Stanton has been circulating among his many friends down here this week. Come again, Mr. Stanton, we are glad to have you.

One of our farmers declares that he is positively frightened when he sees a candidate coming, for a short while since he says he was plowing near the roadside, was feeling weary and worn, when along came one of our worthy candidates in one of them top buggies. "Old Dolly" raised her head, spied it and made a break; right across the cornfield she flew, cutting down the corn, burning the wind, and raising such a dust till it looked just like a big smoke. The lines broke, the old gentleman fell down, and old Dolly went in home on time. The old gentleman pulled himself up, felt of himself to see if any bones were broken, and said: "Darn the Candidates!" Ask

Will Extend to Hampton Springs.

President Drew of the Suwannee and San Pedro railroad is doing everything possible to benefit his patrons, and in a few days will commence extending his road from Perry to Hampton Springs. We learn that trains will be running to the Springs in six months, and probably earlier, which will be a great convenience to those who desire to take advantage of that excellent water.

With the S. & S. P. extension to the Springs and the hotel facilities now enjoyed there it will be only a short time until it will be the most famous resort in the south.—Democrat.

There seems to be no let up in the building boom in Live Oak. New dwellings and business houses are going up and we are pleased to note that the grade of buildings now being constructed are much better than those built two or three years ago. This shows a substantial and permanent growth and confidence in the city's wonderful progress.—Democrat.
